

Winter School 2018

Foto: S. Korbl

Julius-Maximilians-Universität
Würzburg
Bavaria • Germany

February 26 – March 02, 2018

Julius-Maximilians-
**UNIVERSITÄT
WÜRZBURG**

Institute of
MATHEMATICS 

Modern Methods in Nonsmooth Optimization

Amir Beck Tel-Aviv University, Israel
First-Order Methods for Nonsmooth Optimization Problems

Christian Clason University of Duisburg-Essen, Germany
Introduction to Nonsmooth Infinite-Dimensional Optimization Problems

Anton Schiela University of Bayreuth, Germany
Optimization Methods in Function Space

Alexandra Schwartz Technische Universität Darmstadt, Germany
Mathematical Programs with Complementarity Constraints and Related Problems

Tuomo Valkonen University of Liverpool, England
Preconditioned Proximal Point Methods in Hilbert Spaces

Scientific organizers:
Christian Kanzow, University of Würzburg
Daniel Wachsmuth, University of Würzburg

supported by
VolkswagenStiftung

www.mathematik.uni-wuerzburg.de/winterschool2018

Registration online until November 15, 2017
A limited amount of financial support is available.
