

Application to the Master's Programme – Mathematics International

The following notes provide information on how to apply for the Master's degree programme **Mathematics International**. The application deadline is **15 July 2025**. The process consists of two steps:

- Create an account on Wuestudy, the official online platform for students at the University of Würzburg. Wuestudy offers access to a wide range of academic services, including course registration, exam sign-ups, timetables, and grade overviews.
- Submit your application for admission to the Mathematics International Master's programme through Wuestudy.

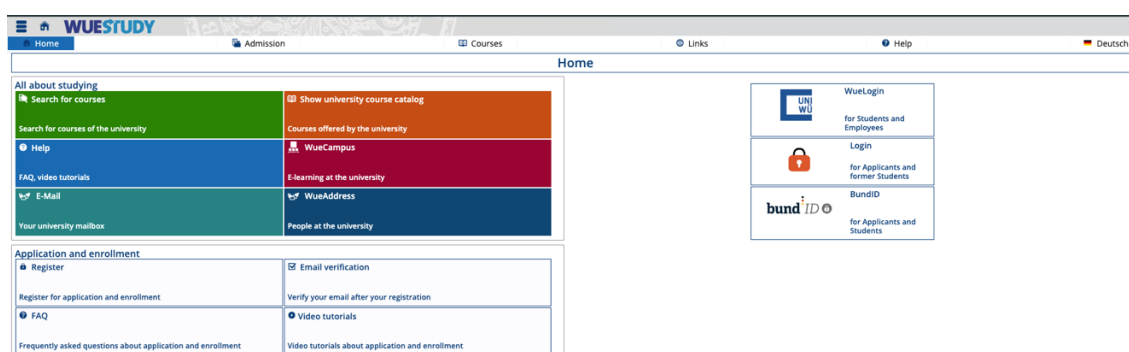

The following documents will be required during the application process:

- Higher education certificate qualifying you for admission to a Master's programme (in the original language, accompanied by a translation in German or English).
- Transcript of records for each degree programme (e.g. Bachelor), listing completed modules, ECTS credits, and grades (in the original language and with a German or English translation). Include additional certificates if applicable.
- ECTS credits earned in mathematical subjects (Note: 1 Italian credit (CFU) = 25 working hours = 1 ECTS credit), including: *Analysis (differential and integral calculus of one and several variables), Ordinary differential equations, Partial differential equations, Vector analysis, Complex analysis, Linear algebra, Algebra, Number theory, Geometry, Discrete mathematics, Functional analysis, Numerical mathematics, Stochastics, Financial mathematics, Operations research, Optimisation, Modelling, Computational science.*
- Proof of English proficiency at a minimum level of B2.
- A curriculum vitae outlining your high school and university education.

The degree programme of your choice

Please choose the course of study (degree and subject) you want to apply for.
Once you have chosen a complete course of study, please proceed by clicking "Next". After each of your selections additional fields related to that selection will be displayed.
If you want to choose a combined course of study (e.g. Lehramt), you have to repeat this procedure for every single subject of your course of study.

If you would like to apply for admission to a degree programme in the area of **Medizin after the Physikum exam** (Medicine clinical stages), please select the **first subject semester**; the count restarts from one.

The **studienkolleg**s assessment examination is not a qualification for admission to institutions for higher education. Please select your **education type** corresponding to your **nationality**.

Requests for enrolment on courses of study that consist only of **admission-free subjects** can be submitted from **July 21st 2025 onwards**.

Vocational training

Have you already completed a vocational training? If so, then specify.

* Vocational training completed?

☐ Yes

☒ No

Service completed?

Please indicate whether you completed a service. The statement is only relevant, if you apply for a first subject semester in an undergraduate degree programme and holding a German or EU/EFTA nationality.

Having completed a service will be to your advantage since applicants who completed a service will be given preferential consideration over candidates with identical data in other aspects (e.g. identical grade and identical number of Wartesemester (waiting semesters)).

The following services can be considered:

- military service or *Zivildienst* (alternative service) according to Section 12a *Grundgesetz* (Basic Law for the Federal Republic of Germany) or a maximum of 3 years of service as a fixed-term contract soldier
- a minimum of 2 years of *Entwicklungszeit* (development volunteer service)
- freiwilliges soziales Jahr* (year of voluntary work in the social sector)
- freiwilliges ökologisches Jahr* (year of voluntary work in the environmental sector)
- Bundesfreiwilligendienst* (federal volunteer service)
- European Voluntary Service
- Wehrwart volunteer service
- Kulturwart volunteer service
- a maximum of 3 years of caring for a child under the age of 18 or other relative.

* Did you complete a service (e.g. military service, *Zivildienst* (alternative service), *Bundesfreiwilligendienst* (federal volunteer service), *freiwilliges soziales Jahr* (year of voluntary work in the social sector), caring for children or relatives, *Entwicklungszeit* (development volunteer service) etc.)?

Master - Mathematics International

1 I. How many ECTS credits have you earned for modules in the following areas of mathematics (minimum needed: 70 ECTS credits)?

- Analysis (differential and integral calculus of one and of several variables)
- Ordinary differential equations
- Partial differential equations
- Vector analysis
- Complex analysis
- Linear algebra
- Algebra
- Number theory
- Geometry
- Discrete mathematics
- Functional analysis
- Numerical mathematics
- Stochastics
- Financial mathematics
- Operations research
- Optimisation
- Modelling
- Computational science

* ECTS credits **1**

1 II. How many ECTS credits have you earned for modules in areas of mathematics other than those listed above (the total of sections I. and II. must be at least 80 ECTS credits)?

* ECTS credits **1**

1 III. How many ECTS credits have you earned for modules in other subjects that use mathematical methods, e.g. chemistry, computer science, aerospace information technology, physics, business management, economics etc. (the total of sections I., II. and III. must be at least 110 ECTS credits)?

* ECTS credits **1**

1 Please upload a proof of adequate English language skills. These are e.g.:

- the Test of English as a Foreign Language (TOEFL) with a score of at least 79 (IBT - Internet-Based Test) or at least 550 (Paper-Based Test) or
- the International English Language Test System (IELTS) with a score of 6.5 or better or
- a Cambridge First Certificate in English (FCE) or
- at least a satisfactory grade in English (corresponding to at least 7 out of 15 points) in a domestic or foreign higher education entrance qualification
